Accion is an award-winning 501(c)(3) nonprofit organization serving Arizona, Colorado, Nevada, New Mexico, and Texas that increases access to business credit, makes loans, and provides training, enabling entrepreneurs to realize their dreams and be catalysts for positive economic and social change.

We are looking for an Apex Developer to join our team on a contract basis for 10-20 hours per week through the end of the year with the potential to extend into 2016.

The Apex Developer will support the continued development and implementation of Accion’s Salesforce platform in order to meet organizational objectives. S/he will work closely with the Operations Analyst and Accion vendors to find innovative, high quality solutions that increase integration with other applications and meet business needs.

Responsibilities:

- Analyze user/business requirements and design the Salesforce system applications within project time lines.
- Maintain a strong understanding of other related business applications in order to make recommendations for company-wide system and process improvements.

Requirements:

- At least 6 months administration/development experience with Salesforce
- Bachelor’s degree in Computer Science or related field of study
- Advanced knowledge of SQL/Java/C++ or other programming languages

To apply please send a cover letter and resume to Grace Lerner at greatjobs@accionnm.org, and visit www.accionnm.org for more information about our organization.
