Internet connections
Broadband (cable/DSL) or greater is recommended.

You must either be in DSH 141 where MyItLab is already installed or
On a personal computer to which you have administrator access so that you will be able to install MyItLab.
First, you need a MyItLab access code from the textbook. This is the most expensive part of the textbook package. The access code is 6 sequences of uppercase letters. On the inside of the Access card in the textbook.

Register: 2 of 14

- Use Firefox or Internet Explorer to access the website: http://www.myitlab.com/
- Click "Register" – "Student"

Soon you will be as happy as the two people shown on the website!
Register: 3 of 14

This is where you enter your access code from the card in the textbook.

Enter Access Code: 4 of 14
Enter Your **UNM** Name: 5 of 14

- When you register, you will be asked for your first and last name
- **Please be sure to enter your *first* and *last* name:**
  - In the correct boxes and
  - As you are registered at UNM!

**Hint:**

\[\text{Joseph} \neq \text{Joe} \neq \text{JJ} \neq \text{joseph} \neq \text{JOSEPH} \neq \text{Jr.}\]

Enroll in a Course: 10 of 14

Enter the ID exactly as shown:

- It is NOT ok to substitute lowercase for the uppercase letters, to skip the '-' symbol, nor to add spaces to the beginning, end, or middle.
Open the Course: 11 of 14

Mouse over the CS-150 course title, then click on the down arrow, and select "Open".

If the assignment due dates are showing Saturdays at 1:59 AM, as in the screen capture here, it means that you have your MyITLab set to the default, Eastern, time zone. Assignments are actually due on Fridays at 11:59 PM Mountain Time.
Install or Not to Install: 13 of 14

- If you are using a lab computer in DSH 141, then skip the "Start Here" – the software is already installed.
- If you are using your own computer, then click "Start Here" to get MyITLab installed.
