JOIN OUR TEAM!

Cleve Moler & MathWorks Chair in Mathematical and Engineering Software

The Department of Computer Science in the School of Engineering invites applications for the inaugural Cleve Moler & MathWorks Chair in Mathematical and Engineering Software. The successful candidate should be a pre-eminent scholar in computer science or related disciplines with a PhD in computer science or a related field. For best consideration, complete applications must be received by January 15, 2025.

WE ARE ALSO HIRING ASSISTANT PROFESSOR POSITIONS.

For complete job announcements and to apply, visit cs.unm.edu.

YOU ARE WELCOME HERE

The University of New Mexico is an R1 university located in Albuquerque, which is famous for its breathtaking natural beauty. We also are a high-tech hub of innovation, with two nearby national laboratories and a history of strong research collaborations. We are one of the few R1 and Hispanic-Serving Institutions in the country. And almost half of our faculty in the Department of Computer Science are women.
